SKILLS

PROGRAMMING LANGUAGES

- Java
- Python
- SQL

OTHER

- Machine Learning
- Excel
- PowerPoint
- Linux
- Matplotlib

CERTIFICATIONS

- Microsoft Azure Data Scientist Associate
- Microsoft Azure AI Fundamentals
- Microsoft Azure Fundamentals
- Microsoft Azure Data Fundamentals
- Oracle ML using Autonomous Database
- AWS Academy Cloud Foundations
- Salesforce Certified Associate
- Unveiling the Stars: Exploratory study on NASA Astronauts

EXPERIENCE

PYTHON DEVELOPER

REDBERYL TECH SOLUTIONS | 04/24, PRESENT

- Python Developer skilled in Flask, machine learning, and big data tools (PySpark, Hadoop, Hive).
- Helped out with handling big data using PySpark

PROJECTS

HEART DISEASE ANALYSIS AND PREDICTION

GitHub Link | SPONSORED PROJECT
03/22, 06/22

- Contributed significantly to heart disease understanding with impactful visualizations.
- Achieved 96% predictive accuracy in identifying heart disease cases.
- Used Python and Excel for versatile data analysis,

CAR AUTOMATION USING MACHINE LEARNING 08/22, 07/23

- Developed intelligent prototype with real-time environmental monitoring.
- Utilized makesense.ai for precise dataset annotations.
- Integrated YOLO V8 and PyTorch on Raspberry Pi4 for efficient object detection.

VSTATE FILINGS

08/24, 04/25

- Developed the functionality for automating online form for 50 states through puppeteer for US based client.
- Developed the functionality to extract text from documents using generative ai.
- Completed performance and UI-based testing successfully!

ACHIEVEMENTS

- AIR 2475 in CodeKaze by Coding Ninjas
- AIR 2578 in PrepSat by Prepinsta
- AIR 1493 in CodeKaze by Coding Ninjas
